Program Director needed to direct and oversee all aspects of the *Families First Program* managed by Evidence-Based Associates www.evidencebasedassociates.com and funded by the D.C. Department of Behavioral Health. If you have the interpersonal and cultural competency skills to work effectively with a variety of direct service providers, evidence-based model experts and District staff, we want you! Effective data-driven decision-making skills as well as ability to use creative problem solving to overcome barriers while giving feedback and holding others accountable for outcomes required. Essential functions are: administrative and service provider oversight, referral and utilization management, budget management, procurement, governmental/stakeholder relations, model fidelity promotion and data analysis. 3 years program/project management experience required. Bachelor's required; Master's preferred. Salary commensurate with education and experience. Please respond with resume, 2 references, and salary requirements to mmcalister@ebanetwork.com
